CABINET HAS APPROVED MESSAGE

Wilson's Trust Communication Ready for Printer—Goes to Congress Next Week

COVERS POINTS COUNTRY IS MOST INTERESTED IN

Outlines Situation, Suggests Cures, Puts Legislation Up to Congress

WASHINGTON, Jan. 16.—The cabinet has approved President Wilson's anti-trust message, and it will go to the printer immediately and will be read to Congress next week. The message will not suggest specific bills, but will present the present trust situation.

It develops this afternoon that the so-called industrial commission, the appointment of which the message will recommend, will have no powers in court. It is intended that it shall give full publicity to trust legislation, outline what the various sections of the proposed law mean, and place its service at the disposal of corporations to assist in preventing violations of law. It will not be permitted, however, to decide what constitutes a trust, or to tell the corporations how far they may go.

Regarding personal guilt, it is understood the message will suggest automatically fixing the punishment for the various offenses prohibited. Prior to the cabinet meeting President Wilson conferred with Representative Stanley of Kentucky, who conducted the recent steel trust probe. Stanley said the President outlined the message to him, and said: "I think it fully covers the points wherein the country is interested. Best of all, it leaves all details of legislation to Congress. It suggests certain conditions that ought to be met, explains them, and states what the President believes are necessary remedies, but passes the responsibility on to Congress."

CAPT INCH AND HIS OFFICERS CLEARED

Admiralty Absolves Them from Blame for Burning at Sea of Volturmo

LONDON, Jan. 16.—The Admiralty Court has absolved Captain Inch and other officers of the liner Volturmo, which burned at sea, of any blame. Precedent may be violated, it is stated, and Captain Inch may be given another command.

ABOUT TWO INCHES OF RAIN HAS FALLEN DURING THIS STORM

The storm brought Santa Ana approximately two inches of rain. It was a well distributed rainfall, the fall varying but a few hundredths of an inch wherever measurements were taken in the valley. Up to 7 o'clock yesterday morning S. Hill & Son's gauge showed 1.45 in. for the storm. From 7 yesterday morning to 7 this morning, the same gauge showed .46 in. That makes 1.91 in. for the storm and 4.79 for the season. Last winter the total for the season was a little over eight inches.

All over the San Joaquin ranch there was a splendid rainfall and prospects for fine crops have been brighter than in two or three years.

Today a muddy stream is flowing in the Santa Ana river, but no damage is likely to occur. The channel was clear of brush last summer.

EDUCATION ADDS WEALTH
WASHINGTON, Jan. 16.—Philander R. Claxton, federal commissioner of education, tells the public education committee that education of the five million adult illiterates in the United States should add \$500,000,000 to the potential wealth of the American people.

Lee DeForest Is Saved by New Year's Spirit

Lee DeForest, who has had a varied career all over the country as promoter and inventor of telegraph and telephone devices, believes he was saved from prison because two young men who sat on the jury which and him on trial would not vote for conviction on New Year's. DeForest, with two partners, had been on trial in the United States court in New York, charged with misuse of the mails in the promotion of the Radio Telephone Company. The jurors brought in their verdict at 1:15 New Year's morning. "I believe the spirit of two young jurors in not wishing to convict a man on New Year's day played an important part in the verdict," said DeForest. "I also take the verdict as an approval of my invention."

"My company has just sold to the American Telegraph and Telephone Company the patent rights of our long distance amplifier for \$100,000 and with this money my company will be put on its feet again. I intend to show the world I was right."

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Rain tonight and Saturday; fresh southeast winds.

Kansas Federal "Pen" Warden Abolishes Stripes
LEAVENWORTH, Kan., Jan. 16.—The Warden of the federal penitentiary here has issued an order to abolish stripes.

Funds for Olympic Games at Berlin Refused
BERLIN, Jan. 16.—The budget committee of the imperial parliament has rejected a proposition to appropriate \$50,000 for the Olympic games, to be held here in 1916.

Prominent Men Call on President
WASHINGTON, Jan. 16.—John Burroughs, the naturalist, and former Mayor Brand Whitlock of Toledo, newly appointed minister to Belgium, visited President Wilson yesterday and paid their respects.

Wilson Reticent as to Action in Colorado Strike
WASHINGTON, Jan. 16.—Representative Keating of Colorado, has urged President Wilson to support a congressional inquiry of the Colorado strike, but Mr. Wilson did not say what course he would pursue.

Comptroller Asks for Banks' Business Showing
WASHINGTON, Jan. 16.—The comptroller of the currency has issued a call for a statement of the condition of all national banks at the close of business on January 13.

Firemen Fought Water in Tiffany's Big Store
NEW YORK, Jan. 16.—The fire department rushed to Tiffany's immense Fifth avenue store to combat, not fire, but water. An automatic sprinkler pipe had burst on the second floor, flooding stock and showcases.

NEW YORK COMPANY WINS ALTAR DESIGN AGAINST THE WORLD
NEW YORK, Jan. 16.—In competition with twelve European and American concerns, the Gorham Company has won the contract for the grand altar of the St. Louis Cathedral, which is to be the most costly and elaborate altar in the world.

The altar, which will be fifty-three feet in height, will be constructed mainly of fine marbles, ornamented with semi-precious stones. One of its features will be a Holy Rood cross, with figures of the Saviour, the Virgin and St. John in wood richly carved and colored, made by the peasants of Oberammergau. The altar was designed by Mrs. E. B. Herrick of this city.

SUBMARINE IS AT BOTTOM OF BAY

16 Living Men Aboard English Boat Under Six Fathoms of Water

NO HOPE OF RESCUE; TUGS SEEK TO GRAPPLE BOAT

Bubbles Rising Indicate Craft is Pierced—Submerged for Several Hours

PLYMOUTH, England, Jan. 16.—With sixteen living men aboard, the British submarine A-7 is at the bottom of Whit-sand Bay near here tonight, unable to rise. The boat dived during a maneuver and when it failed to rise after several hours, commanders of other boats investigated the cause. After several hours, communication was established and Lieutenant Wellman, commanding the submerged craft, replied: "All safe. Mechanical damage prevents rising. Oxygen tubes are working."

Salvage tugs are grappling for the boat. There is little hope of rescue.

A later message says: "This evening still unable to rise." Powerful tugs made desperate efforts to bring the submarine to the surface but failed. The boat lies under six fathoms of water and no diver is able to reach it. Bubbles rising indicated that the shell of the boat is pierced. Naval men say there is little hope. Experts on all the available naval vessels are at the scene, listening for messages from below by wireless telephones.

THAW FORCES MEET DISTINCT DEFEAT

Admission to Bail and Sanity Probe Must Wait on Habeas Corpus Matter

CONCORD, N. H., Jan. 16.—Federal Judge Aldrich ordered the consideration of the question of Harry Thaw's admission to bail to be postponed until the conclusion of the pending habeas corpus proceedings. The order is a distinct defeat for the Thaw forces, who expected Thaw would be released on bail this week.

Judge Aldrich ruled that all questions relating to bail or to the report of the commission investigating the mental status of Thaw be held over. He also over-ruled Thaw's request for a thirty-day extension of time for the defense to file habeas corpus briefs. The briefs must be filed by January 26.

SCORES READY TO MAKE BIG RUSH FOR GOVERNMENT LAND

LOS ANGELES, Jan. 16.—Messages from the Big Rock section state that scores of men are waiting to rush for government land in Los Angeles and San Bernardino counties near Palmdale, 97,000 acres of which will be opened for entry at 9 o'clock tomorrow morning. More are arriving hourly.

GEN. CHASE REFUSES TO RELEASE MOTHER JONES

TRINIDAD, Colo., Jan. 16.—Waving colors and singing the battle song of the Union, 200 women, wives of strikers and strike sympathizers, marched to General Chase at 4 o'clock yesterday afternoon and demanded the release of "Mother" Jones. The general replied that he was acquainted with "Mother" Jones' record and that her arrest was a necessary precaution in view of the situation in the fields. He found it imperative to keep her in custody as long as he remained in the strike district, he said.

WOMEN FIGHTERS FOR THE REBELS IN MEXICO

Hundreds of women have joined the revolutionary movement in Mexico. The illustration here shows a well-organized company of them which took part in the fighting about Juarez, when General Pancho Villa captured that town from the federal troops.

The uniforms of the women are black skirts, with white shirt waists, and another about the waist. There have so far been few reports as to the success of the women as soldiers, because the Mexicans don't favor telling much to the newspaper men on the border.

Nevertheless, it is known that the army of Villa has contained women on most of its marches, and they must have taken part in the fighting. This company of women is now stationed in Juarez as a part of the garrison to protect the town against a possible raid by the federals.

LINER RESCUES MEN ADRIFT ON SEA DEAD VARY GREATLY ESTIMATES OF COL. GOETHALS TO GOVERN PANAMA

Eight of Burning Mayflower Picked Up—Cutters Hunt Vessel in Distress

NEW YORK, Jan. 16.—Captain Dow, on the liner Lusitania, reported by wireless via Cape Race to the Cunard offices that he has rescued the captain of the Canadian schooner Mayflower and a crew of eight men a hundred miles off Nova Scotia. The party had been obliged to abandon the Mayflower, taking to the boats when the vessel took fire.

CUTTERS ORDERED TO RELIEF OF SCHOONER IN DISTRESS

WASHINGTON, Jan. 16.—The revenue cutters Itasca and Roscoggin have been ordered to aid an unidentified schooner reported in distress off Pollock reef, Massachusetts.

Diana is Safe
HAVANA, Jan. 16.—A wireless from Captain Hamburg of the American liner Diana, long overdue from the Azores, said the ship will dock here today. The vessel was blown from her course. Many here believed her to have been lost.

RAIN CONTINUES IN SOUTHLAND

Generous Amount of Rainfall in Various Localities is Reported

LOS ANGELES, Jan. 16.—With their showers predicted, all of Southern California is soaking under the heaviest and most valuable rains of the season. Reports gathered from all districts apparently indicate a banner citrus crop and other crops are also benefiting. The normal rainfall for the season to this date has been passed here, with 2.11 inches for the storm up to 8 o'clock this morning. The rainfall at other points, according to data gathered by the weather bureau, is as follows: Pomona, 2.99 inches; Redlands, 2.55; Riverside, 2.13; San Bernardino, 2.44; Santa Barbara, 2.35; Pasadena, 2.65; San Diego, .38 of an inch.

Dr. Lane's Lubric is not an injurious drug that simply forces a temporary passageway through the bowels. It cures chronic constipation and is as harmless as water. Ask your druggist.—Adv.

Scene of Volcano Disaster in Japan is One of Genuine Ruin and Desolation

TOKIO, Jan. 16.—A wireless message from the commander of the Japanese squadron at Kagoshima says he is unable to estimate the number of deaths there from the recent terrible volcanic eruption. He said, however, that he was certain the fatalities will run into thousands. A message from Nagasaki says the director of the government meteorological observatory at Kagoshima has committed harikari on account of criticism of his failure to warn the people of the approaching disaster. The Japanese here are touched by the apparent frankness and sympathy of President Wilson's message offering aid and sympathy and by his prompt call on the American Red Cross for aid not only for the volcano eruption sufferers but for the famine victims in Northern Japan.

10,000 TO 11,000 ESTIMATED DEAD ON SAKURA ISLAND

TOKIO, Jan. 16.—Marines from the Imperial squadron partly explored Sakura island today. The commander sent a wireless message to the government that he estimated between ten and eleven thousand of the islanders had perished. This was two-thirds of the total population, but does not include the death toll of the city of Kagoshima. The shores of the islands are thickly strewn with dead, who were either burned by lava or drowned when trying to escape and then washed ashore. The entire village is covered with lava and ashes. The marines were unable to investigate far from the shore on account of the heat.

NAVAL COMMANDER MAKES ESTIMATES OF THE DEAD

TOKIO, Jan. 16.—The commander of the naval squadron at Kagoshima today wireless an estimate of the number who perished in the Sakura-Jima eruption. He placed the number of dead on Sakura island at from seven to ten thousand and at Kagoshima, six hundred. He added that these are very rough guesses.

POSSES PURSUING FIVE EVERETT BANK ROBBERS

EVERETT, Washington, Jan. 16.—Armed posses started from Granite Falls at daybreak to search for five men who robbed the State Bank late there yesterday. The robbery was followed by a running fight between the robbers and a posse of citizens, in which a hundred shots were exchanged. Four robbers entered the bank, one guarding the door while the others looted the bank.

Wilson Said to Now Be Preparing Order Placing Goethals in Command

WASHINGTON, Jan. 16.—It was reported tonight on excellent authority that President Wilson favors the appointment of Col. Goethals as governor of the canal zone. The president is said to be preparing an order placing Goethals in command, also setting in motion complete executive machinery there. Col. F. F. Hodges, Lieut. Col. William Siebert, H. H. Rousseau and Richard Metcalf are expected to compose the committee of formal opening in January, 1915, under a congressional enabling act.

The president plans constitute a sweeping victory for Col. Goethals. It is understood he will demand twenty-five hundred trained men to operate the canal and government. All the employees now in Panama have applied for positions under the civil governor. Considerable squabbling is expected when Goethals begins to make appointments.

COBURN QUITS KANSAS JOB LASTING 20 YEARS

KANSAS CITY, Jan. 16.—F. D. Coburn, for twenty years secretary of the Kansas State Board of Agriculture, has decided to resign. He was elected ten times to the place by acclamation. He has never had a vacation in the twenty-year period. He says twenty years is long enough for any man to hold one job.

TY COBB OFFERED \$15,000

CHICAGO, Jan. 15.—President Weeghman of the Chicago Federal League baseball club has wired Ty Cobb offering him \$15,000 annual salary on a five-year contract to join his club.

WILL SELL BOSTON'S GARDEN CENTER TO PAY CITY'S DEBT

BOSTON, Mass., Jan. 16.—Mayor-elect Curley has already stirred up the animals. He has made public that one of his first undertakings in office will be to sell Boston's famous garden center and apply the \$10,000,000 he expects to realize on the sale, to pay off the city debt.

UNTEMER FOR PARIS, MAYBE
WASHINGTON, Jan. 16.—Reports current in Washington yesterday that Samuel Untermeyer of New York is a candidate for the office of ambassador to France, excited great interest in political circles. Secretary of State Bryan told callers at the department that a diplomatic appointment of importance would be soon announced. He declined to indicate the post.

HUERTA TIES UP TWO R. R. LINES

Communication with Vera Cruz Now Closed—Diplomats Requested Action

MONEY STRINGENCY GOES TO UNPRECEDENTED POINT

Military and Financial Crisis Believed Near—Huerta's Agents Consult Lind

MEXICO CITY, Jan. 16.—Provisional President Huerta has placed a heavy troop of guards over both railroads to Vera Cruz. These roads offer the only egress from the city. The pleas of diplomats were responsible for Huerta's action.

The tightness of money here is unprecedented. The troops are again grumbling and there is a general belief that a military and financial crisis is impending.

Emissaries to Lind
MEXICO CITY, Jan. 16.—Two emissaries from Dictator Huerta to John Lind will go to Vera Cruz to discuss the Mexican situation, with a view to paving a way for reopening negotiations between the United States and the Huerta government. The emissaries are Dr. Aureliano Urrutia and Jesus Flores Magon.

Urrutia, who is one of Huerta's closest friends, served several months as minister of the interior. Magon, who has hitherto not been identified with Huerta, was Madero's minister of the interior. He left the cabinet because of cabals formed against him by various Madero leaders.

They will endeavor to impress Mr. Lind with the desirability of the United States not according belligerent rights to the northern rebels.

Wilson Declines Intervention
WASHINGTON, Jan. 16.—The United States government has again been invited by Europe to do something positive with regard to the Mexican situation, and the invitation has been declined.

The announcement by President Huerta that his government would pass the semi-annual interest payment due on the foreign debt of Mexico has been the occasion for the latest representations to the United States. The governments of Great Britain, France and Germany are concerned particularly over this development because practically all of the millions in Mexican securities are held by the citizens of those three countries who will now be deprived of such portion of their income as was derived from such securities.

GEN. SALAZAR CAPTURED
EL PASO, Jan. 16.—Luther Bernhardt, an El Paso newspaper man, today captured General Salazar, federal commander at Otzagua, on a train at Henderson, Texas. Salazar was unarmed. He accompanied Bernhardt without protest to El Paso, where he is wanted on a charge of violating the neutrality laws.

29 INDICTED MINE FEDERATION HEADS ARE UNDER ARREST

CALUMET, Mich., Jan. 16.—Twenty-one of the thirty nine officials of the Western Federation of Miners indicted at Houghton yesterday on conspiracy charges in connection with the Michigan copper strike, were arrested today. Their bail was fixed at \$1000 each. The grand jury continued the strike probe today.

ENTRENCHED WITH FAMILY ON FARM

Edward Beardslee Defies Law Officers—Death Rather Than Surrender

SUMMERDALE, N. Y., Jan. 16.—Entrenched in a farm house and heavily armed with plenty of ammunition but with no food, Edward Beardslee is standing off Sheriff Anderson and his posse. His wife and nine children are with him. They have had no food since yesterday morning. Beardslee shot and fatally wounded Poor Master John Putnam when the latter came to his home to take his children to the poorhouse. The officers are afraid to fire because of danger to the woman and children. Beardslee cried from the house that he will exterminate himself and family rather than surrender. Hundreds of visitors from surrounding towns have gone to the Beardslee farm to watch the siege.

GROWTH WAS SUBSTANTIAL

Orange Post. While the city of Orange is not the biggest over yet it is making substantial growth from year to year. The percentage of increase in building in 1913 over that of 1912 was one hundred and forty six. Out of the \$219,200 building permits for last year, only \$37,000, permits to the high school, represents money received from bonds. Probably no city in the county, or state, has made a greater percentage of substantial improvements in the last five years, with less public indebtedness, than has the city of Orange. It has put in a complete sewer system with only \$16,000 bonds for the outfall; it has built many miles of cement sidewalk and curb without indebtedness or cost to itself; and it has paved the whole surface of about three miles of the principal streets in the heart of the city with first class paving with only \$5000 bonds for the city's portion of the paving of Plaza Square. All the larger bonds, which by the way, are for moderate sums, are for the municipal water system and the schools. The water system is paying for itself without as much tax upon the users as would be imposed by a private owner for similar service. The schools must be provided for; but even for them the provision is moderate, care being taken to get the money's worth for the district.

OLD NEWPORT NEWS BUDGET

OLD NEWPORT, Jan. 16.—Mr. Ed Farnsworth has gone to Portland, Ore., on a business trip. Mrs. D. A. Bear is in the hospital in Los Angeles, where she had an operation performed on her throat. Miss Ida Segerstrom is spending several days in Los Angeles. J. C. Segerstrom has finished a modern cow barn on the Willow Spring Farm, and W. S. Babb has one under construction on his ranch. J. L. Hutton is preparing to set the Jeff Harlin ranch to apricots, and Mr. Ford is going to set ten or twelve acres to apricots on his home place. A. H. Trenary has leased the Pete Mathews ranch and Mr. and Mrs. Lockwood have moved into the house. Mr. Lockwood is the dredger engineer. On account of the inclement weather, Mrs. H. O. Merritt has postponed her party until next Friday evening.

CASTORIA

For Infants and Children.

No orders under \$2.00 delivered.

Perugia, the Man Who Stole the Mona Lisa

This is the first photograph of Perugia, the man who stole Leonardo da Vinci's "Mona Lisa" from the Louvre in Paris two years ago. He is in an Italian prison with a prospect of being kept there for many years. Perugia has given so many stories of his reason for stealing the picture that no one knows his motive further than that it was probably to sell it for a large sum. He said first that he was anxious to force France to make amends to Italy for the large number of works of art taken by Napoleon on his invasion of Italy. Later he said he had offered the painting to art dealers.

OFFICER OF HIGH RANK WAS PRESENT AT INSTALLATION

[By Staff Correspondent]
ORANGE, Jan. 16.—With the meeting graced by the presence of a distinguished officer of the order, the Fraternal Aid Association met last evening to install officers. The meeting was also in the nature of a reception to delegates to the recent general council at Lawrence, Kansas. D. F. Campbell of this city and Fannie Lacy of Santa Ana being the guests of honor, with Mr. and Mrs. W. S. Lacy of Pasadena. Mr. Lacy is general vice-president of the F. A. A.

The evening was ushered in with a delicious oyster supper at 6:30 o'clock and the members, duly refreshed, proceeded to the business of the evening. Two candidates were initiated, the work being put on by W. S. Lacy, assisted by Mrs. Lacy. Mr. Tindie of Santa Ana, with Mrs. Fannie Lacy as guide, installed the officers as follows: W. W. Perry, past president; Mrs. Julia F. Campbell, president; Mrs. Adah Meadows, vice-president; Mrs. L. B. Gitchell, secretary; D. C. Drake, treasurer; C. O. Field, chaplain; Mrs. Hulda C. O. Field, guide; Mrs. Addie Robertson, sentinel; C. C. Youngs, watchman; Dr. Ida Parker, medical examiner; C. L. Conway, trustee. Mr. and Mrs. W. S. Lacy remained over until today as the guests of Mr. and Mrs. D. F. Campbell. They had never visited this vicinity before and if the weather permitted today were to be taken on a sight-seeing trip.

News Notes
Rainfall since 8 a. m. yesterday amounted to .27 of an inch, bringing the total for the season to 5.30 inches. Mr. Frank Love of Los Angeles visited with local relatives Wednesday and Thursday. Mr. Robert Livingston of Illinois who is wintering at San Gabriel, has been visiting for a few days at the D. F. Campbell home on South Cambridge street. Mrs. W. A. Griffing went to Fullerton this morning to visit her daughter, Mrs. F. E. Masters. Mr. Howard Livingston of Kansas, who spent the last week at the D. F. Campbell home, left yesterday for San Gabriel for a visit with relatives. Line-ups for tonight's basketball game between Whittier A. C. and Orange A. C. have been announced as follows: Whittier—Hood and Redman, forwards; McBurney, center; Castor and Sharpless, guards.

RANCH TRADED FOR BY WASHINGTON MAN

GARDEN GROVE, Jan. 16.—F. B. Smith, of Kennick, Wash., has traded for twenty acres near Harperville. The trade was with M. Merrick. The place secured by Smith is ten acres of oranges and ten of alfalfa. The trade put the ranch in at \$18,000. Powell & McKean have traded their store to S. H. Ayers for a walnut grove.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. P. P. Lawson of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

—Dr. Claycomb cures chronic.

Tustin Correspondence

SOCIETY AND CLUBS

Tustin Twelve
Mrs. C. O. Artz hospitably entertained the Tustin Twelve last Tuesday afternoon at her home on C street.

The members present, besides the hostess were Mesdames Ellis Smith, Fred Moorhead, B. F. Nimmo, Albert Fuller, Fred Poole, J. S. House, E. J. Cranston, Geo. Pollard, Arthur Hofer, J. C. Stearns and a guest of the club, Miss Ollene Wilbur. An important part of the meetings of the Tustin Twelve is the fancy work, because it is work they can do and chat at the same time. They can laugh and be merry and still accomplish some work that often counts a great deal.

A feature of the meeting Tuesday was the music by the guest, Miss Wilbur, an accomplished musician, who generously responded to calls for piano selections. Mrs. Artz has a handsome new piano which is a joy to play on as well as listen to.

Maman Cochet roses, smilax and ferns were the decorations used throughout the house and a beautiful centerpiece for the table was of the same, on which a two-course collation was served, at each plate a tiny rose bud with ribbon bow of the same shade.

Visited Other Schools

The Tustin school teachers went to Santa Ana on Wednesday to visit the schools there, and see something of the work done in the grades corresponding to their own.

Mr. Langworthy visited the Polytechnic school in Pasadena.

Tustin "Y"

At the meeting of the Tustin "Y" last Friday night with Miss Avis Smith there were about forty young people present.

After the business meeting a short program was given which was in charge of Miss Inez Phinney. The young people spent the remainder of the evening in games and later in the evening delicious candy was served.

The next meeting will be held with Miss Maud Eells.

W. C. T. U. All-Day Meeting

In spite of the rain which still continued Thursday morning after a night of steady downpour, several women were on hand at 10 o'clock at the Advent Christian Church and others gathered soon after to begin the all-day meeting of prayer for the temperance cause. The men came in later to take their part in the program, though the women still continued to outnumber them.

The vice-president, Mrs. Sarah Brown, had been busy during the week preparing the program and appointing those who were to take part. Although several did not come on account of the weather who were expected to make addresses, it can be truly said that those addresses which were made were fine in quality, not perhaps from the standpoint of well rounded periods of elocution, but as indicating the fact that some people in our midst are doing some hard thinking on the subject of temperance.

Mrs. Brown being the leader, the meeting opened with singing "How Firm a Foundation," followed by several other songs such as "Wind the Ribbon 'Round the Nation" and the temperance glory song; then a number of prayers by the different ones present.

Mrs. P. H. Ebel was first called upon for an address and read a paper specially written for the occasion. The following are some quotations from it. In answer to the question, "Shall we have state-wide prohibition in 1914?" "Exodus 14:15 'And the Lord said unto Moses, wherefore criest thou unto me, speak unto the children of Israel that they go forward.' 'We have studied in our Sunday school lesson about the weary march through the wilderness to the sea, the miraculous dividing of the waters and the passing through dry land. Was just before the entrance into the water that Moses commanded the people to stand still and see the salvation of the Lord which He would show unto them that day. The promise was that the Lord would fight for them and they should hold their peace. Then the Lord spoke to Moses bidding him command the children of Israel to go forward.'"

"The command was obeyed and the Lord caused the host of Israel to pass over on dry land in the midst of the sea."

The ancient lesson is applicable to the march of the temperance hosts. For years great numbers of people

PILEs
are suffering and suffering and suffering. All kinds of hemorrhoids, internal and external, Dr. Leonard's Pile Remedy will cure. The pills are dried up and permanently cured. 24 days' treatment, \$1.00. DR. LEONARD CO., Buffalo, N. Y. (Free book) Sold by Rowley Drug Co. and all druggists.

My Home Place For Sale

2220 North Main St. 80 ft. front, 280 ft. deep. Nine room house, good garage, good assortment of fruits and nuts. I am anxious to sell it and will make price concession. Might take in cottage or some vacant lots as first payment.

VACANT VALENCIA LAND

near Villa Park. This sort of property is very scarce and hard to get. Each acre has one and one-half share of water. Real value of the property about \$20,000. Will sell for \$15,000 and make terms. Write or phone 644J.

J. A. TIMMONS

or see Tarver Montgomery, First National Bank Bldg.

have banded themselves together to overthrow the liquor traffic and the great demon of strong drink, which has held sway so long is on the verge of destruction. The call to the people is "Go forward." "Drawbacks have met the advance of the temperance cause throughout the years, but now the call is given and the time set for the great victory is for this year—1914."

"Many are engaged in obtaining signatures to the petition for state constitutional amendment. Great enthusiasm prevails in all quarters. It is necessary to have 20,000 names, but they are trying to get 50,000. The great convention held in Los Angeles in November was one of the most remarkable ever held. Almost unanimous action was taken. Now while the spirit of enthusiasm has possession of the people it would seem as though the time is ripe."

Mrs. Ebel's paper was an appealing one throughout, voicing the sentiments of her hearers, ending with the words "Let us therefore unite our prayers to God for His salvation from the liquor traffic and with victory in view like the Israelites of old—'Go forward.'"

Mrs. Brown then announced that 54,985 signatures had been secured, as the latest news from headquarters.

After a season of prayer, Mr. Jasper Leek was called upon for a talk. His theme was "What Does State-wide Prohibition Mean to Us?" He said at one time in his life he had not been opposed altogether to the use of liquor, but had been brought to see the evils of it, and said "It means to me that I am just a little too good to go with the things that accompany it." He recalled the history of the great nations of the earth whose downfall when sited down to the real truth was caused invariably from drunkenness. Unless it is stopped, our nation will have the same fate. He spoke of attending a recent large meeting of county and state officials and leading men of the country to discuss ways and means in connection with the Panama exposition. At the banquet given in this connection 95 out of 100 of those men drank freely of the beverage provided. In his opinion there is no event that could possibly happen to California as important as the event of its going "dry" in 1914.

Mr. W. L. Shatto was another speaker who gave an inspiring talk and read a quotation from Francis Willard, comparing the liquor traffic to an iceberg which, meeting the warm gulf stream, becomes honeycombed below the water and then goes down in a whirlpool of its own making.

Mr. W. A. Jones gave a picture of our fair land when this traffic shall be done away with. Town's taking up prohibition have gone forward.

After a recess of two hours the meeting again convened with quite an addition to their number.

Rev. E. W. Blew opened the evening session with a talk on "Responsibility of the Individual, the Church and the State in the Matter of the Temperance Cause."

Rev. R. B. Shannon's subject was "The Power of Prayer" and his arguments were many and convincing of the efficacy of prayer in a good cause. Miss Minnie C. Childs was the last to give an address and she spoke of the difference in the "wet" and "dry" districts of Chicago, also of the work of the W. C. T. U. there in caring for the girl who was deprived of both her arms on account of her parents drinking. The girl later became very skillful with her feet in doing many kinds of fine work.

The program for the day in Tustin was carried out with great interest and enthusiasm, notwithstanding the rain. The success of the meeting was due in great part to the efforts of the efficient vice-president and leader, Mrs. Sarah Brown.

The next regular meeting will not be held until two weeks from this Thursday at the home of Mrs. J. A. Phinney, having been postponed on account of the Presbyterian Missionary Society meeting on Thursday, the coming week.

The J. U. G.'s

The J. U. G.'s held a meeting last Tuesday night with the Misses Matthews on Mitchell avenue.

Two new members were initiated. These young ladies are studying parliamentary law and have a drill at each meeting. They also study sewing and fancy work. The refreshments served were chocolate and Maypole creams.

Tustin Literature Section

The Tustin Literature Section will hold their meeting next Tuesday afternoon with the leader, Miss Minnie C. Childs. A full attendance is desired.

Installation Postponed

The meeting for installation of Pythian Sisters, which was announced for this evening (Friday) has been postponed indefinitely.

C. E. Social Postponed

On account of the rain, the Presbyterian Christian Endeavor Society will not be held tonight.

Missionary Society

The meeting of the Presbyterian Missionary Society which should have been held Thursday afternoon was postponed until next Thursday afternoon on account of the all-day W.C.T.U. meeting.

The regular January meeting will be held next Thursday afternoon at the church.

The Rain

The rain—everybody knows about that. It is keeping some people at home. It is also causing a postponement of social affairs and making things a little quiet in that respect, but how thankful everybody is for it. Every day that it continues to rain brings the orchardist nearer to springtime when frosts shall be over. The rainfall for the last three days in Tustin is 2.05 inches.

AUTO FOR HIRE

—M. C. Holderman will make engagements. First-class car. Prices reasonable. Phone 371J1.

Try Mell Smith for fine watch and clock repairing. 304 Main street.

TUSTIN PERSONALS

Mr. and Mrs. Albert Stedman of South Pasadena have been guests of Mr. and Mrs. Arthur Hofer this week. Dr. C. V. Artz and wife and Mrs. T. D. Hastings, Neb., have been visiting Mr. and Mrs. C. O. Artz this week. They will spend the remainder of the winter in Los Angeles.

Mr. and Mrs. Hollis Lindsey spent Monday and Tuesday in Los Angeles. Mr. and Mrs. Jasper Leek spent the day in Los Angeles on Wednesday.

Mr. and Mrs. H. W. Smith expect to go to Los Angeles tomorrow to attend the South Dakota picnic in Sycamore Park.

CHURCH NOTICES

Advent Christian Church
Sunday school, 10 a. m.; preaching, 11 a. m.

There will be a Loyal Workers' Consecration meeting at 6:30 p. m. Preaching at 7:30 p. m.

Prayer meeting, Thursey evening at 7:30.

Presbyterian Church
Sunday, Jan. 18. Sunday school at 9:45 a. m. The sacrament of the Lord's Supper will be observed at the morning worship. New members will be received, and the pastor will give a communion meditation.

Christian Endeavor at 6:30 p. m. Evening service at 7:15. A cordial welcome to all.

Born

WOLLENBERG—To Mr. and Mrs. Ed Wollenberg on Sunday, January 11, a daughter.

COLLAR—To Mr. and Mrs. Forest Collar on Wednesday, January 14, a daughter.

Annual Stockholders' Meeting
The annual meeting of the stockholders of the First National Bank of Tustin was held Tuesday night. The capital stock was raised to \$50,000.

The members of the board of directors are C. E. Utt, V. V. Tubbs, A. E. Bennett, John Dunstan, Sherman Stevens and E. J. Cranston. Mr. Utt was elected president. Mr. Dunstan vice president, Mr. Cranston cashier, and Chas. Cotant, assistant cashier. The president appointed a committee of three to act as a new building committee.

Ethel Smart—"Oh, mama, I heard a riddle today: 'What takes the work out of 'house-work'?"

Anty Drudge—"I can see to look at your mother she do know the answer to that riddle, but I can tell her. It's Fels-Naptha Soap, of course. That is the one thing that takes 'work' out of house-work."

Why work like a slave, tending a hot fire, carrying heavy scuttles of coal, lifting heavy pails of water to fill the washboiler, rubbing up and down on the washboard every washday?

Fels-Naptha Soap saves all this. It dissolves grease, makes dirt disappear, cleans and brightens everything it touches, does away with the wash-day drudgery of boiling and hard rubbing the clothes.

Follow the directions on the box and you will get the best results. Fels & Co., Philadelphia.

WILL DEBATE THIS EVENING

Santa Ana High Will Meet Teams from Two Other Schools

The first Orange county debate is to be held this evening at the Intermediate High School. The question was given to the contestants last evening, allowing them only one day in which to work out their debate. They have known for some time, however, that the general subject would be concerning Mexico, but the particular phase of the question was not given out until twenty-four hours before the contest. Sides will not be assigned until thirty minutes before the debate this evening.

Each speaker will be permitted to use not over thirty words of notes or reference material. Mr. S. M. Davis, who has offered the splendid cup for which the debaters contest, selected the question for discussion. This cup becomes the property for one year of the school with the highest percentage at the close of the second discussion, which takes place on the 20th of next month. Four schools of the county are members of the league, Anaheim, Fullerton, Huntington Beach and Santa Ana. Orange has withdrawn owing to some trouble about eligibility.

Miss Estella Nisson and Stanley Mansur will represent Santa Ana at home against Huntington Beach. They have been working hard for the contest, and unless the Huntington Beach debaters show something exceptional in the line of argument they will be sent home with the small end of the score. Miss Louise Grubb and Donald Stevenson will contend with Fullerton at that place, and will put up a fight that will be hard to beat. Both teams have shown unusual ability in their frequent practice debates with each other and it will be a big surprise if both Fullerton and Huntington Beach are not disappointed at the outcome of the debate.

YORBA LINDA WATER USERS HAVE MEETING

Reports Are Received Concerning Mineral and Oil Laws

YORBA LINDA, Jan. 16.—The meeting of the Yorba Linda Water Users' Association Monday evening proved to be one of the most interesting. A general invitation had been extended to all residents of the tract and vicinity inasmuch as there were to be reports concerning the oil and mineral claims and laws touching on them. The church was well filled with representative citizens and the reports and discussions were thoroughly instructive.

There were also reports of the stockholders' meeting of the Yorba Linda Water Co., which had previously taken place, given by Mr. Barton and Mr. Welch.

The secretary, Mr. Seamans, was called upon for a report of the discussion had in the superior court at Santa Ana on Jan. 9, and he responded with a very clever account of the matter, which was of great interest to every one present.

After the usual details were attended in regular form a number of new names were added to the membership, being those who had come from Northern California for the purpose of identifying themselves with the movement.

The contract for a new five room bungalow has just been taken by W. A. Walker to build for Mrs. Rawl Madsen. Mr. Seamans is acting as trustee of the funds and oversight.

A delightful surprise was planned and carried out by Mrs. C. C. Rivers for her husband at their home. About forty of the friends and associates made their presence known before the honored gentleman really discovered what had happened, it was so sudden and well arranged.

The evening was very pleasantly spent in music, games, swapping of yarns and more of it. Dainty refreshments were served and in every way it was a complete success.

Mr. A. Montgomery, the well known "Farmer Painter," who spent Sunday with Mr. and Mrs. C. H. Seamans, was invited to the school to speak for the students, which he did, and with great interest to both pupils and teachers. Classes were dismissed for an hour and Mr. Montgomery won every heart for a permanent friend. He gave a blackboard display of art which was both amusing and instructive, and then addressed the pupils with wholesome and valuable admonitions, closing with the rendering in an eloquent manner of a beautiful poem.

The pupils were loath to let him go but Mr. E. K. French was waiting at the door with his machine to drive the poet, with his wife and daughter, and Mr. and Mrs. Seamans, who had accompanied him, to a dinner party at the French home.

ANNOUNCEMENT

—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 5 p. m., and by appointment.

—All hand pressing at the Modern Dry Cleaning Co., 519 North Main St. Home 420, Sunset 168.

For best watch and clock repairing see Mel Smith, 304 Main street.

ADVERSE REPORT ON OIL IN THE MOHAVE DESERT

Government Geologist Holds Out No Hope for "Strike" Near Barstow, California

From time to time since 1900 the region between Mohave and Barstow in the Mohave desert, California, has attracted attention as a possible oil field, and a report that a valuable light-gravity oil occurs there has been widely circulated. Great stretches of land in the northern part of the desert have been located as oil claims, a considerable number of derricks have been erected, and wells have been drilled at four rather widely separated localities. Indications of oil have been reported in at least two of these wells. In the early part of December, 1912, R. W. Pack, a geologist of the United States Geological Survey, made a reconnaissance of the eastern part of this region in order to obtain a general understanding of its broader geologic features and to determine if possible whether oil might reasonably be expected to occur there in sufficient amounts to be commercially valuable. A number of wells were examined, ranging from about 1000 to 3000 feet in depth, but while a little oil has been reported from some of the wells and showings in others, in none has oil been struck in commercial quantities.

Further Drilling a Waste of Money

The main conclusion arrived at as a result of Mr. Pack's examination has been entirely adverse to the idea that oil occurs in this region. Traces of oil and gas are present in different parts of the world in fine-grained

sedimentary beds, and it is possible that similar traces of oil may exist in the fine grained detrital beds of this region, but it is believed to be highly improbable that oil and gas occur here in greater amounts, and Mr. Pack's opinion is that the northern part of the Mohave desert between Barstow and Mohave offers practically no promise of becoming a productive oil field and that further drilling will prove but a waste of money.

Even if oil was originally distributed in minute quantities through the rock, the structure is not such that it would have tended to collect or trap the oil. Irregular and faulted folds occur in at least three places northwest of Barstow. Indeed, it is believed by some that such a fold extends along the north side of the desert from Tehachapi pass nearly to Barstow. This idea is erroneous, for the only folds here are small, discontinuous, and much faulted. Faults, not folds, dominate the structure. Thus the structure is much more favorable for the escape of any oil that might possibly have been accumulated here than for its concentration in appreciable quantities. This and additional information on the oil prospects of the Barstow-Kramer region is contained in Bulletin 541-E of the United States Geological Survey, copies of which may be obtained free on application to the Director of the Survey, Washington, D. C.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.

BEACH TEAM THE WINNER

The final game for the county basketball championship and possession of the silver loving cup donated by the Huntington Beach Board of Trade was won by Huntington Beach High School Wednesday, from Anaheim.

Score: First half, Huntington Beach, 22; Anaheim, 10. Final score, Huntington Beach, 33; Anaheim, 27. The second half was played in the mud and rain.

Huntington Beach was Southern California Champion two years ago and will again be contenders for the honor. Huntington Beach has already defeated Riverside and Long Beach.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

FIVE DOLLARS A DAY AS MINIMUM WAGE

One can but feel admiration for the generosity of the Ford Automobile Company in creating a minimum wage of \$5.00 a day, a rate which even the most menial of its adult employees is to receive. If this disposition to share one's gains were more general the possibility of the Kingdom of Heaven might seem to exist, even after the close of the Sunday school hour.

Yet is there an obligation on prosperous employers to pay rates of wages double those existing in the open market?

One might imagine, where such munificence is displayed, that routine tasks calling for little intelligence might become too attractive. It is easy to foresee a continuation of the long line of hungry applicants at the doors of the Ford factories, pleading for jobs as floor sweepers and such like.

Were prosperous business men to adopt this policy generally, would it not tend to encourage young men to hunt for "soft snaps," through personal "pulls," rather than to train themselves for the highest efficiency?

Most people have to take the market valuation for their labors. When they receive wages above the prevailing rate for actual value of services they become too dependent on a single employer. If for any reason they lose their favored berths they are not used to rough competition on a basis of the survival of the fittest.

The best gift for the worker is not extra dollars in his pay envelope today, but the incentive and opportunity for gaining greater efficiency, as the result of which he becomes dependent on no one business or set of men.

This calculating age is not likely to provide many imitators of the warm hearted Ford policy, so that there is no need of issuing warnings against it. And indeed there is no disposition to discourage a spirit of generosity in business dealings or to criticize the principle or policy of profit sharing. We believe in that principle and policy. But the plan should be based on efficiency, and the wages should be graded on a sliding scale. In this way only can there be an equitable and really beneficial sharing of profits.

WANTED—Lady for light employment, permanent, good pay to right party. Q, Box 19, Register office.

Factories and Workshops Must Register Immediately

State Labor Commissioner John P. McLaughlin draws attention to the fact that many industrial establishments throughout the state have become liable to a severe penalty because of their failure to comply with the Factory Registration law, passed at the last session of the legislature. The law in question states that all factories, workshops, mills and other manufacturing establishments, in which five or more persons are employed, must register with the Bureau of Labor Statistics; such registration to take place on or before January 1, 1914. Failure to comply with the provisions of this act is a misdemeanor and is punishable by a fine of not to exceed \$200, or by imprisonment for not more than sixty days, or both such fine or imprisonment. The same penalty attaches to failure of new concerns to register within thirty days after commencement

ment of business, and all changes in location must be filed within thirty days after such change.

It will be noted that not only are factories proper included within the scope of the act, but all manner of workshops, etc., whether operated as independent firms or simply as adjuncts of a retail, wholesale or other concern.

Commissioner McLaughlin recognizes that failure to comply on the part of many firms is due to the fact that they are unacquainted with the law, and consequently has granted a slight extension of time. However, steps should be taken at once to file the proper record. Blanks for this purpose may be obtained at the office of the Labor Commissioner, 948 Market street, San Francisco, or at the branch offices, located, 812 Higgins building, Los Angeles; 431 McNece building, San Diego, and 100 Capitol building, Sacramento.

"BLADE" EDITOR RESPONSIBLE FOR NEW CITRUS FAIR STUNT

San Bernardino, Cal., Jan. 14, 1914. Editor of Register.

Dear Sir:—At the suggestion of our good friend and brother, Horace McPhee, of the Santa Ana Evening Blade, the management of the Fourth National Orange Show, to be held in this city, rec. 18 1/2 25, inclusive, has decided to offer a special and appropriate prize for the best box of lemons exhibited by a newspaper editor of Southern California. This contest is intended as an editors' "free for all," and promises to be one of the hottest contests of the show. Probably there is not an editor in this part of the state who does not know all about "lemons," and this competition ought to develop some interesting results; for is it not written that "by their fruits ye shall know them?"

Each contestant will be free to display his own "brand," but it is insisted that his exhibit shall be composed of lemons of his own production. Knowing the tendency of editorial writers (yourself, only, excepted) to appropriate the productions of others, the judges will be requested to refrain from embarrassing questions as to the authorship of the several exhibits in this class.

Some of our editorial friends think that this contest should be determined on the basis of size, like a good story, while others opine that the color of the editorial product should be the prime requisite, the yellower the better; others, still, declare that lemons, like locals, should be judged according to their "juiciness." Any suggestion from prospective contestants as to the proper tests of editorial lemons or the most appropriate prize to be awarded the successful contestant will be duly appreciated by the undersigned.

Yours critically inclined,
FRANK F. OSTER,
Chairman Publicity Committee.

INDIGESTION ENDED, STOMACH FEELS FINE

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Advertisement.

PLAN FIGHT ON "YELLOW RACES" WASHINGTON, Jan. 16.—Pacific coast "exclusion societies" from Washington state, Oregon and California arrived here today and held a preliminary meeting to discuss a program for the hearing to be accorded them next Thursday by the house immigration committee. The societies are fighting to have passed the bill of Representative Raker of California, which would deny entrance of lower class Asiatics to this country.

ADMIRAL BLUE'S PLAN TO PREVENT DESERTIONS

WASHINGTON, Jan. 16.—A plea for weeding out undesirable men in the navy by decreasing recruiting stations and reducing prisons has been submitted to the house committee on naval affairs by Rear Admiral Victor Blue, chief of the bureau of navigation.

"The new plan would make desertions unnecessary," said Admiral Blue. "A recruit costs the government \$20 to enlist and \$60 for an outfit, while the average cost of a prisoner is from \$450 to \$500. Punishments are too severe in a great many cases."

OAKLAND PROGRESSIVES TO HEAR GOV. JOHNSON

OAKLAND, Jan. 16.—More than 600 Progressives of Alameda county will attend the opening rally to be held in the grill room of the Hotel Oakland on Saturday evening, when Governor Johnson will deliver his first speech since he has announced his decision to run for re-election. Charles E. Snook is in charge of the arrangements and will preside.

CUPID IN THE CABINET

WASHINGTON, Jan. 16.—In addition to keeping the leash tight on the dogs of war—at least the sea-going ones—Secretary of the Navy Daniels recently accepted the role of first assistant and general aid to Cupid.

Miss Lucy Hoke Smith, daughter of the senator from Georgia, just prior to her recent marriage to Ensign Alston R. Simpson, was terribly worried because her sweetheart was attached to the Dolphin, which was far away from Washington as the date for the wedding neared. In desperation Miss Smith and her father and other members of the Smith family appealed to Daniels. The chivalrous cabinet member rose to the occasion by finding a vacancy on the President's yacht, the Mayflower, which is nearly always lying at the Washington navy yard, and transferred young Simpson forthwith.

"Don't worry, Miss Smith," he said. "If Simpson doesn't appear I'll marry you myself as Simpson's proxy. No one ever notices the groom at a wedding, anyway, and when he returns he can really marry you." The bride-to-be went home satisfied.

BANKER SENTENCED

FRANKLIN, La., Jan. 16.—Houston D. Bickman, former head of a chain of banks in Washington parish, was found guilty yesterday of receiving deposits at the Commercial Bank of Bogalusa, a state institution, when he knew the bank to be insolvent. He was sentenced to ten years' imprisonment.

Lyric Theatre

SANTA ANA, CAL.

FRIDAY, JAN. 16.

"The End of the Road," a two reel Victor drama featuring Fritz Brunette and Glen White. "Slim and the Outlaws," comedy.

"In the End," a Nestor drama with a moral that is hard to beat.

SATURDAY, JAN. 17.

"Red Margaret," two reel Gold Seal moonshiner drama, with plenty of action, with Pauline Bush in the title roll.

"Jane of Moth Eaten Farm," a very pretty and entertaining burlesque, with Jane Gail and Wm. Shay in the leading parts. "Loaded," and "Sunset," an Eclair comedy.

SUNDAY, JAN. 18.

"Back to Life," a two reel romance of the West, featuring J. Warren Kerrigan.

"Animated Weekly," showing all the important happenings. "How Freckles Won His Bride," a rip-roaring comedy. Continuous performance beginning at 1 p. m. each and every day. Admission

JOINT INSTALLATION

Sedgwick Post and W. R. C. Had Gala Day With Ceremony and Addresses

On Wednesday afternoon the joint installation of the recently elected officers of Sedgwick Post, No. 17, and the Woman's Relief Corps was held at G. A. R. hall with a large number of veterans and W. R. C. members in attendance. Mrs. Matilda Dearing, assisted by Mrs. Caroline Ely, installed the officers of the Woman's Relief Corps, who are as follows: President, Mary E. Fields; Senior Vice-President, Helen Foyers; Junior Vice-President, Amy Rolfe; Secretary, Julia Garrison; Treasurer, Matilda Dearing; Chaplain, Catherine Fischer; Conductor, Catherine Ferguson; Guard, Johanna Campbell; Patriotic Instructor, Caroline Ely; Press Correspondent, Nellie King; Musician, Grace Moerser; Assistant Conductor, Mary Moore; Assistant Guard, Emma Leiser; First Color Bearer, Ida L. Deck; Second Color Bearer, Viola Phipps; Third Color Bearer, Lizzie Marshall; Fourth Color Bearer, Agnes Culver.

A feature of the W. R. C. exercises was the presentation of a leather Morris chair and a solid gold corps pin to Mrs. Catherine Fischer, retiring president. Mrs. Fischer has been a most popular and efficient officer. Mrs. Anna Pendleton, the retiring treasurer, also greatly esteemed, was likewise presented with a corps pin.

The presence of Commander O. V. Knowlton of the Southern California Veterans' Association, and of Senior Vice Commander Jewell of Los Angeles Bartlett-Logan Post, and his wife, added interest to the afternoon. Mrs. Smith of the same Los Angeles post, was also present and gave a much appreciated address. Other visitors were present from Orange and Huntington Beach.

The new officers of Sedgwick Post, installed by Capt. C. E. French and A. B. Paul, officers of the day, are as follows: Commander, W. J. Lieser; Senior Vice, S. G. Snuffer; Junior Vice, D. E. Newman; Chaplain, F. S. Haugawout; Adjutant, H. S. Stone; Quartermaster, G. J. Mosbaugh; Sergeant Major, J. W. Powers; Patriotic Instructor, F. F. Rexford; Officer of the Day, G. P. Lawrence; Officer of the Guard, F. F. Rexford; Sergeant-at-Arms, C. C. Shaw.

Torosa Rebekahs Install
With District Deputy President Sarah E. Flowers as installing officer the following officers for Torosa Rebekah lodge were installed on Wednesday evening: Noble grand, Ila Bishop; vice grand, Dottie Clubbins; recording secretary, Ethel Slocum; treasurer, Elizabeth Davis; financial secretary, Emily Annis; Warden, Etta Touts; corresponding secretary, Belle Buck; chaplain, Fannie Lacy; R.S.N.G., Mrs. Goepper; L.S.N.G., Nellie Young; R.S.V.G., Leota Allen; L.S.V.G., Ella Mitchell.

Bouquets were presented to the retiring officers and staff, and a banquet under the direction of Mesdames Bullock, Wiseman, Adams, Shaw, Moore and Walker was served after the installation ceremonies. Pretty place cards in autumn leaf design marked each cover. A social hour completed the pleasant evening which had been enjoyed by a large number of guests and visitors.

W. R. C. Meeting
Thursday's usual business meeting of the W.R.C. was very good considering the weather. All of the new officers were in their places but two. It was reported that three sick calls had been made and five bouquets presented. One visitor, Mrs. Rose from Anderson, Ind. (No. 70), gave a pleasing little talk.

New committees were appointed for different departments for the coming year. The corps was asked to meet with the post on Jan. 28, as the department commander and staff from Pomona will be present at that time.

Will Reside Here
Mr. C. H. Perkins of Newark, New York, has bought the Chris McNeill home at 911 North Spurgeon street, and will make this his permanent home after October 1, 1914.

Travel Section to Meet
Travel Section Number Two of Ebbl Club will meet on next Monday afternoon with Mrs. W. D. Baker, 618 French street.

Turkey Dinner

Mrs. R. H. English was hostess on Wednesday night at an elaborate turkey dinner at which covers were laid for Messrs. and Mesdames W. L. Grubb, George Balderston, Russell Scott; Mr. and Mrs. Walker. Whist was played informally after dinner.

The dining room was decorated with cream roses, red roses being employed in the living room and den.

Travellers No. 1
The First Travellers Section will meet Monday with Mrs. Linn Shaw.

Appreciated Miss Young
The teachers of McKinley school prepared and served a luncheon in honor of Miss Dalma Young, drawing and writing supervisor yesterday noon because she has been very kind and good to them all.

The menu included Chicken Metropole, Mashed Potatoes, Coffee and Hot Buns, and the luncheon was served in the kindergarten room.

Spanish Study Section
At a preliminary meeting held last evening at the home of Mr. and Mrs. Raymond Miles, a section of the Ebbl for the study of Spanish was organized. The invitation of Mr. and Mrs. W. L. Deimling to hold the regular meetings at their home, 805 North Broadway, was accepted, and Mrs. Deimling was elected leader and secretary. Arrangements were made with Mrs. Olive Lopez to teach the class. Meetings will be held weekly on Thursday evening at 7:30 o'clock, and will cover two hours each lesson. The first regular meeting will be held on next Thursday evening. The text book to be used is "First Spanish Book" by James H. Worman and H. M. Monsanto, which may be obtained at the book stores. Those wishing to join this section should promptly apply to the curator of the Ebbl, Mrs. E. M. Nealey, phone 6511.

Recent Wedding
A recent wedding of interest, particularly to residents of the near-by section, was that of Roy E. Warren and Miss Alice Beswick, the latter being the daughter of Mr. and Mrs. J. E. Beswick and a niece of Prof. B. F. Beswick. The marriage took place on January 5 at the home of Rev. Paul E. Wright, the officiating minister. The parents of the bride, and the mother of the groom, Mrs. Jacobus of Bolsa, were present at the wedding. Mr. and Mrs. Warren left shortly after the ceremony for a honeymoon trip north.

Successful meeting
The all day W.C.T.U. meeting held yesterday was well attended and good results were attained. The program as published was fully and efficiently carried out. Rev. Mr. Scarborough gave a splendid address. Revs. Scarborough and Wright and Mrs. W. B. Tedford will meet the amatorial Union to confer as to the organization of a "Dry Campaign" here.

Intermediate H. S. Notes
(By Carl Burns.)
The entertainment that was given last night was enjoyed very much by the two hundred or more that were present. A larger crowd was expected by Miss Carter, but on account of the rain they could not come. The program began with two numbers from the I. S. Orchestra, directed by Miss Bemus, the music and drawing teacher. Cecil Robinson recited a piece named "A Man's a Man for a That." This was applauded by everybody in the house. The male quartette of the I. S. sang a number in the middle of the program. The pictures that were shown on the screen were lectured by Miss Carter's pupils. Allen Phillips and Raymond Eastman deserve much credit by the way they operated the machine and handled the slides as they installed the machine in the assembly hall by themselves after school. About twenty dollars was taken in to get slides for the Geography classes.

Noel Woodward, announced yesterday that their baseball team was trying to get a game with the high school baseball team before long. A notice will be put in tomorrow night concerning the baseball team.

Billard Artist Here
Dan Voorhies, who is at the Alexandria Billiard Parlors during Vice Cooper's absence, gave his patrons a classy exhibition of fancy shots and many new three-cushion caroms. With his explanation he will make many new and efficient players.

ARM GRAFTED ON GIRL
BERLIN, Jan. 16.—Surgeons throughout Germany today are watching with intense interest the case of Marie Kuback, who recently underwent a remarkable operation in a hospital at Prague. The patient, a dressmaker, was suffering from a disease of the upper arm which necessitated amputation. Just before the operation another girl, who had attempted suicide, died in the hospital, and the doctors decided to try a drafting experiment. Removing the bone from the upper arm of Miss Kuback they inserted in its place a section from the arm of the dead girl. The operation was successful beyond the doctors' most sanguine hopes, and latest reports from the hospital say the patient is steadily improving.

WILL PROTECT NIAGARA
WASHINGTON, Jan. 16.—Hearings on the Niagara Falls controversy are on here today before the house committee on foreign affairs.

The house is expected to pass the Elsie bill which gives the secretary of war broad powers over the hydro-electric companies on the American side of the falls. The measure would prevent the diversion of more than 15,000 cubic feet of water per second for power purposes, and would make the companies subject to state regulations on service and tolls.

For Frost Bites and Chapped Skin
For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stop the pain at once and heal quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc. 25c. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

LEPROSY CURED
NEW BEDFORD, Mass., Jan. 16.—The cure of a case of leprosy is said to have been effected at the State colony on Penikese Island. Henry Chin Yen, a Chinese patient, is reported to be so completely recovered from the disease that he has been discharged from the hospital and has started for China to visit his relatives.

Yen was under the care of Dr. Parker, superintendent of the hospital, and Dr. Honold, an expert on leprosy and its treatment. The physicians do not assert that scientifically he has been permanently cured, but results have given rise to the hope that a permanent cure has been found.

PROGRESSIVE WHIST

The Roscoe Whitteds Entertain With Most Delightful Evening Affair

Dr. and Mrs. Roscoe Whitted very happily entertained over thirty of their friends last evening at a delightful progressive whist party, the first of two parties to be given by them within a short time of each other. Fragrant violets were used with bouquets of acacia and the sprays of ferns to decorate the home, the large pale-tinted violets in small gilt baskets set on gilt edged plates on which were piled lavender mints, were used as center pieces for the small tables on which delicious refreshments were served after the progressive whist games, and small violet tinted cups were employed for the salted almonds. The individual fees in dainty cups were each adorned with a spray of fern and long stemmed violets.

The winners of first prizes last night were Mrs. A. J. Crookshank and W. A. Huff, Mrs. Crookshank's award being an address book done in gray leather and Mr. Huff's an electric flashlight. Mrs. George Balderston won ladies' second prize, a hand-painted cup and saucer of violet design, and a nickel collapsible drinking cup went to C. E. Lamme for gentleman's second prize. Miss Dresser was given a Japanese Garden for consolation, and A. J. Crookshank was consoled with a handsome deck of cards.

Mrs. Whitted was assisted in serving and scoring by her mother, Mrs. E. D. Waffle, and both ladies were charming in handsome gowns. Good dressing was a feature of the evening.

Successful meeting
The all day W.C.T.U. meeting held yesterday was well attended and good results were attained. The program as published was fully and efficiently carried out. Rev. Mr. Scarborough gave a splendid address. Revs. Scarborough and Wright and Mrs. W. B. Tedford will meet the amatorial Union to confer as to the organization of a "Dry Campaign" here.

FORMER SANTA ANA DIED LAST TUESDAY

Harlan Fairbanks, formerly a well known Santa Ana resident and business man, died last Tuesday evening at Santa Barbara, where his daughter lives. Mr. Fairbanks at the time of his death owned the property occupied by Wingood's Drug Store in this city. For a time he was in the real estate business here with O. M. Robbins. About eight years ago he moved to Santa Barbara. As a Civil War veteran, Mr. Fairbanks was much interested in G. A. R. affairs.

AMUSEMENTS

"Mut and Jeff" on Travel Bent

The new "Mut and Jeff" is called "In Panama." In it, Bud Fisher's two comic characters lend their valuable aid in the form of opening of the big canal. This play represents a new era of musical comedy production, inasmuch as it embodies all of the elements of good entertainment, including farce comedy, extravaganza and drama, all shaped into a musical comedy of the approved sort. Gus Hill has given the new book a magnificent production from every point of view. The musical score is entirely new, from the fertile brain of Leo Edwards, who has a number of big successes already to his credit. Owen Davis and Bud Fisher wrote the story, and, of course, the side-splitting antics of his brain people are of his own brand. The scenic production excels anything ever offered in a play of this character. Spectacular mechanical effects are shown which produce genuine thrills. The music is fully up to the standard of grand opera, costuming and dance numbers savor of the best Broadway ever knew, a chorus of girls who are really pretty and who know how to sing, dance and look bewitchingly zest to the entertainment.

The new "Mut and Jeff" comes to the Grand Opera House on next Tuesday.

TO HONOR BOY CHAMPION

BOSTON, Jan. 16.—The victory of Francis Quimet in capturing the American open golf championship in a tournament in Brookline in which England's best golfers played, will be celebrated by the Massachusetts Golf Association at its annual meeting and dinner tonight.

The victory of Massachusetts golfers in the tri-state tournament for New York and Pennsylvania for the Leslie cup, and the showing made by John Anderson in the National Amateur tournament will also be celebrated.

LEPROSY CURED

NEW BEDFORD, Mass., Jan. 16.—The cure of a case of leprosy is said to have been effected at the State colony on Penikese Island. Henry Chin Yen, a Chinese patient, is reported to be so completely recovered from the disease that he has been discharged from the hospital and has started for China to visit his relatives.

Yen was under the care of Dr. Parker, superintendent of the hospital, and Dr. Honold, an expert on leprosy and its treatment. The physicians do not assert that scientifically he has been permanently cured, but results have given rise to the hope that a permanent cure has been found.

BORN

MERRILL—In Santa Ana, Thursday evening, January 15, 1914, M. W. Merrill, aged 63.

The body is at Mills & Winbiger's chapel awaiting shipment on Sunday to Ottawa, Canada.

Deceased was a retired man, and came here with his wife about two months ago, hoping to regain his health. His son, M. H. Merrill, is here from Spokane, Wash., and he and his mother will accompany the remains to Canada.

SEXTON—In Santa Ana, Friday, January 16, 1914, James D. Sexton, aged 17 years, at the home of his father, W. H. Sexton, of 410 East First street.

Funeral services, Saturday, January 17, 1914, at 2 p.m. from Smith's chapel.

"BELIEVE ME" WAS CHEERFUL PATTERN

Vivaciously Played Offering Pleased Patrons of Grand Last Evening

Billy Clifford and his companion fun makers held forth at the Grand last night and were given a hilarious welcome by an audience who struck the right place to have a good time on a rainy evening.

The Clifford entertainment lays no rash claims to any plot or continuity of thought or action. It is just a swift series of extremely funny situations and conversations, mingled with some music, and it is an excellent combination to drive dull care away.

Billy Clifford is just as funny as ever, and that is saying a good deal, and the roars of laughter that followed his ludicrous attempt to explain the game of golf to the German banker made the rafters shake.

Edwin Clifford, brother to Billy, appeared as Jimmie Powers, the transfer man, and he was some show himself. He looks like a cross-eyed Welsh rarebit nightmare to behold, and he makes a fearful to behold.

The Weston sisters, Catherine, Juliette and Florence, form a musical trio of considerable merit, and their appearance before the Orange County Board of Supervisors would certainly give that august body heart trouble for triplets couldn't possibly be more exactly alike—except for a trifling matter of avoirdupois. They have the same features, look as nearly as possible of an age and are of the same height, but one of them, Mr. Clifford kindly explained, eats more than the other two, so she weighs more—and if she appeared in person and demanded that much-talked-of hundred dollar reward, it would take a large, brave man to say "no." Why that hundred dollars is always referred to as a reward is a matter of mystery—it would seem that consolation would be a much more suitable term.

Ida May, May Collins, and Joe Waldron are among the others of the Clifford aggregation who furnished the laughs last night.

"CANDY SHOP" WILL BE HERE ON FEB. 3

Yesterday Manager McCulloch of the Grand Opera House made arrangements for the appearance of "The Candy Shop," an excellent musical comedy, at his theater on Feb. 3.

McCulloch has also booked "Adele" for Feb. 23, "Mutt and Jeff in Panama" to be at the Grand next Tuesday, McCulloch is conducting the Grand Opera House in a showmanlike manner, pleasing both the patrons and the companies that play here.

EVANSTON'S STARVATION WAGE

CHICAGO, Jan. 16.—"Starvation wages" are paid officials of the city of Evanston, according to Mayor James Russell Smart in an address today before the Evanston Woman's Club. Aldermen get but \$3 a week and two weeks' vacation with pay, while all other employees do much more work than they are paid for, he says, and this despite the fact that Evanston is known as "the millionaire suburb."

AT THE COURT HOUSE

POINTS OUT
LAW AND THE
CASES DROPOut of Four Illegal Registra-
tion Charges, But One
is Left

Yesterday afternoon Judge West dismissed three of the four illegal registration cases brought against residents of Anaheim. The charges against J. C. Bourne and W. W. Walker, "wets," were dismissed on the ground that they had a right to register for the reason that before the next succeeding general election they would have been in the state a year. The case against Rev. C. H. M. Sutherland, a "dry," was never registered. The judge held that until an affidavit is properly filled out, a person is not registered. Rev. Sutherland's affidavit was never filled out entirely as he had left blank the portions of it relating to naturalization. His nativity he gave as Canada.

"The county clerk never accepted that affidavit," said Judge West. "In this instance, the in all other cases that have ever come before me, the county clerk did his full duty. He cancelled the affidavit and declined to accept it as a registration."

"Under that condition, I can find no theory upon which any jury could find the defendant guilty, and I therefore order that the defendant be discharged."

Attorney R. Y. Williams, who represented Rev. Sutherland, said that since the disposition of the case was the only reason why Rev. Sutherland's naturalization papers had been held back, steps should be taken to finish the naturalization. The judge said that the case would be attended to at the next naturalization day, which comes in May. Even if naturalized and registered now the minister could not vote in the April city election, as a newly naturalized person cannot vote for ninety days after he is naturalized.

H. C. Head and Roger Dutton represented Walker and Bourne. They also represent J. J. Blakemore, accused of false registration. It is charged that Blakemore registered as living in Anaheim while his family lives outside the city limits. Blakemore, however, slept at a transfer office, where he worked, inside the city.

Suit for Divorce
Suit for divorce has been brought by Lillian Evelyn Cook against Harry

S. Cook. H. C. Head is attorney for the plaintiff.

Court Notes

A certificate has been filed showing that the Santa Ana Book Store is owned by Jesse Ray Miller of 933 West Fifty-fifth street, Los Angeles. A final decree of divorce has been given Ailie A. Dixon against Charles E. Dixon.

Cases set for trial in Judge Thomas' department today are: Friend vs. Boney, March 19; Kennedy vs. West Coast Oil Co., March 24; Nasatir vs. Cochems, March 23; Huberman vs. Heninger, March 18.

Demurrer Overruled

This morning Judge Thomas overruled the demurrer of the defendant in the suit of David Irvine against the Santa Ana High School district, an action upon money alleged to be due for construction work at the Poly High. Williams & Rutan were associated with City Attorney Heathman for the defense.

Judgment Entered

Today judgment for \$429.83 was entered in favor of V. E. Blodgett against W. T. Wright & Co. Blodgett sued for twenty per cent commission for stock sold in the Pacific States Automobile Insurance Co. Scarborough & Forgy represented Blodgett.

The petition of Mr. and Mrs. Roy A. Blakeney to adopt Edward Edwards, aged nine months, was granted.

The petition of the Placentia Presbyterian church to borrow \$1000 was granted.

Richard Egan, Henry Vanderleck and J. N. Anderson have been appointed to appraise the estate of Domingo Oyharzabal.

IN THE JUSTICE'S COURT

HERIFORD TO ANSWER
ON A FELONY CHARGE

Charles Heriford of Anaheim has been held to answer for trial in the superior court on a charge of felony. Hester Butler, a 14-year-old girl, was the principal witness against Heriford. The man is in jail with no prospect of raising \$5000 bail. Clyde Bishop and B. E. Tarver are his attorneys. Herbert Dyer, also charged with felony, has not been found. He jumped \$5000 bail.

For Non-Support

Juanita Moreno, who lives near the water works, today swore to a complaint charging her husband, Epifanio Moreno, with non-support. Moreno is in San Bernardino.

To Appeal Case

Notice of appeal has been given in Justice Cox's court by Attorney Reinhaus for Jose Alamosa, against whom judgment of \$144 was given in favor of R. E. Linden of Huntington Beach.

Mell Smith, the Watchmaker, has moved to 304 Main street.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253

PLEADS GUILTY
AND SENTENCE
WITHHELD

This afternoon J. J. Blakemore of Anaheim pleaded guilty to having registered illegally at Anaheim. The proceedings were short. Judge West withheld sentence for two years. Blakemore's family lived outside the city, and Blakemore registered as living inside the city, contending that sleeping at a transfer office where he worked established his residence.

Judge West today denied the motion to dismiss the three civil cases in which the registrations of about 150 Anaheim residents are attacked. Attorney H. C. Head for the defendants then said the defendants would agree to have judgment entered to strike the names of the defendants from the rolls if costs be not charged up to the defendants. Attorneys Davis and Eden would not agree to that, and the matter went over until tomorrow.

LONG BEACH VOTES BONDS
OF \$650,000 FOR HARBOR

LOS ANGELES, Jan. 16.—By a vote of 4011 to 719 the citizens of Long Beach yesterday decided to bond themselves to the extent of \$650,000, the funds to be used in improvement of the harbor at that point.

The bond issue, it was stated last night, is to be spent under the supervision of the United States engineer, who may be appointed to take charge of the work.

Of the \$650,000 voted, \$550,000 will be utilized in deepening the harbor proper and for the extension of the jetty. The remaining \$100,000 it is planned to expend for the building of wharves, sunken tracks and ferry ships.

WOMEN AS BOOTBLACKS

CHICAGO, Jan. 16.—Another supposedly purely masculine field has been invaded by women. Myrtle Smith, Grace McDonald and Della Larue have opened a shoe-shining parlor on North Clark street, and are doing a rushing business. They say they find their patrons courteous and liberal with tips.

PADEREWski CANCELS DATES

SAN FRANCISCO, Jan. 16.—Paderewski has canceled the dates for his recitals in San Francisco, Oakland, Los Angeles and Seattle, owing to illness. A telegram received by Impresario Greenbaum tells the story of the musician's physical disability. He will arrive in Oakland this afternoon, however, when plans will be discussed for his appearance here at a later date.

CLOGGED NOSTRILS OPEN AT ONCE,
HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone!

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

POLISH ROYAL CROWN IS
REVEALED AT TREE'S BASE

LONDON, Jan. 16 (Friday, 5 a. m.—A Vienna dispatch to the Daily Mail says:

"Severe storms at Cracow, an Austrian fortress which formerly was the capital of Poland, have uprooted an ancient elm, revealing the hiding place of the crown worn by the former kings of Poland, dating back to the fourteenth century."

"The hidden crown had been lost since the middle of the eighteenth century."

"Some of the magnificent gems have fallen from the crown, but none is missing."

DEPORTATION CAR WITH
23 PRISONERS FOR EAST

LOS ANGELES, Jan. 16.—With twenty-three prisoners, representing eleven different nationalities on board, the first prisoner car used by the government in the deportation of aliens to Europe left last night for the East. The car arrived yesterday from Seattle with twenty-one aliens. Two prisoners were placed aboard at Los Angeles. They were Albin Ecklund, who will be deported to Sweden, and Az-nive Hartman, whose destination is Turkey.

The car is in charge of Henry Weiss, immigration inspector of Seattle, and is manned by a crew of several guards.

REPORT COMPENSATION ACT

WASHINGTON, Jan. 16.—The Senate committee on judiciary will report next Tuesday the workmen's compensation and employers' liability bill. The bill is similar to the one that passed the senate at the last session of congress and provides for all persons employed by interstate railroads. It fixes a scale of compensation which is paid without respect to who is blameable. The right of the employee to sue for the negligence is taken away.

The Brotherhood of Engineers favors the measure, but the Brotherhood of Conductors and Trainmen oppose it.

FARM STUDENTS PROVE
BEST IN MATHEMATICS

BLOOMINGTON, Ind., Jan. 16.—Students from rural districts are better in mathematics than students from cities, according to Prof. David Rothrock of Indiana University, who gave out data concerning 250 students.

The students were grouped into three classes, according to whether their fathers are farmers or in commercial pursuits. Students from the farm made an average of 82.4 on their final examination as compared with 74.5 for the second class and 75.6 for the third class. Only 7 per cent of the farmer class failed to make a passing grade, as compared with 13.4 per cent of the professional and 17 per cent of the commercial classes.

The young women made an average of 80, while that of all the men was 67.5.

WOMAN HEADS COLORADO
DEMOCRATIC COMMITTEE

DENVER, Colo., Jan. 16.—Mrs. Gertrude A. Lee is chairman of the Colorado state Democratic committee. She automatically attained the place when George T. Bradley, former chairman, was appointed state railroad commissioner. The appointment made his resignation obligatory and Mrs. Lee as vice-chairman succeeded to the office of chairman.

FOR THE BLIND

LOS ANGELES, Jan. 16.—Jesse R. Ostler, a blind Los Angeles inventor, living at 1842 Arapahoe street, has just perfected an attachment to the regulation adding machine that will make it possible for the blind to add, subtract and multiply with the same speed and accuracy as operators who can see. He has the first and only machine of this kind ever manufactured, and in a demonstration used it with remarkable speed and results.

"I will give this invention to the blind of the world," said Ostler, "and from now on it will give the blind the only opportunity to learn adding, subtracting and multiplying by machines."

SANTA ANA, CALIFORNIA, FRIDAY EVENING, JANUARY 16, 1914.

GRAND JURY HAS FILED A REPORT

BRICKBATS AND BOUQUETS ARE GIVEN

Sheriff's Administration and Highway Commission Criticised

After sessions lasting over a period of two months, the Orange county grand jury yesterday made its report to Judge West, and was discharged. With but few exceptions, the affairs of the county are reported in good condition. Several matters and offices were subjected to criticism.

Most grand jury reports contain a long table of reports of the county's finances. This report summarizes all such reports excepting as regards the County Highway Commission.

In its criticisms, the grand jury has been in specifications. For instance, the sheriff's office is accused of extravagance, but no details are offered. That the recommendation concerning the sheriff's office was a cause of strife in the grand jury room is well known at the courthouse. Some of the grand jurors wanted to make no adverse recommendation. Others wanted to devote a page or two to the office. Two adjournments were made necessary by the inability of the nineteen men to agree upon what should be said. Yesterday after an all day's session the report was adopted.

It was read to Judges West, and Thomas by Secretary Chris P. Pann, and the original copy, signed by Foreman G. G. Richards of Orange and Secretary Pann was filed with the county clerk.

In one instance the grand jury pointed out a condition but made no recommendation. It said that Los Angeles county feeds its prisoners for eight cents a meal, that it costs six cents a meal to feed the indigents at the county farm, and the county is paying twelve cents a meal to feed its prisoners. The obvious conclusion is that the county is paying the sheriff too much for feeding his prisoners, but the report does not say so.

The growth of the county's business is emphasized in brief figures from various offices.

Reference is made to a bill of \$447.40 for detective work, and the supervisors are urged to investigate the bill carefully. This is the bill of Samuel Brown, a Los Angeles detective, employed by the district attorney to investigate cases at Anaheim during the saloon fight when each side accused the other of making illegal registrations. The supervisors have a committee looking the bill over. There seems little question but that the bill will be passed, as under the law the district attorney has an almost unlimited power in securing detective service if he considers it for the public good.

The report of the grand jury follows:

Santa Ana, Cal., January 7, 1914.
To The Honorable Z. B. West,
Judge of the Superior Court of Orange County, State of California:
We, Guy C. Richards, C. P. Pann, Frank True, F. R. Aldrich, W. E. Casse, Wells B. McCoy, Fred Rimpau, J. E. Meyer, W. H. McDonald, W. A. Dyer, W. A. Goodwin, S. W. Nau, James F. Stone, Thomas Hill, W. L. Hale, S. N. Fuller, Carl O. Heim, Rudert Best, W. A. Greenleaf, the Grand Jury appointed by you and organized November 18, 1913, beg leave to submit the following report:

We have examined the books and records of the Board of Supervisors, County Clerk, Auditor, District Attorney, Surveyor, Public Administrator, Sheriff, Recorder, Superintendent of Schools, Treasurer, Assessor, Tax Collector, and all Justices of the Peace and find them correct, except a few clerical errors that have been corrected, which shows the thorough efficiency of those in charge of said offices and their assistants and we found the officers always kind and willing to help facilitate the work in every way possible.

Supervisors
We found in looking over the warrants that the county has paid out a large sum of money for medical aid that in our opinion should have been done by the County Physician. With reference to the Ordinance entitled, "An Ordinance Providing for the Appointment of a Health Officer and County Physician, to Protect and Preserve the Public Health, and Defining his Duties as such Health Officer and County Physician and of Other Persons," we recommend that the said ordinance be so amended that the said service for the treatment of indigents be exclusively in the hands of the County Health Officer, and that none thereof be delegated to other physicians, as we think his salary is sufficient to justify the attention of one man to this work without the assistance of others, which incurs the additional expense upon and above the salary of the County Health Officer.

We approve the letting of a con-

Summary of the Report Made By the Grand Jury

County physician should attend to all indigent cases, other physicians not to be employed by the county.
Supervisors should decline to pass law prohibiting road shooting.
Supervisors should fully investigate bill of \$447.75 for detective services during Anaheim saloon campaign.
Attention called to cost of feeding prisoners. Los Angeles feeds them for eight cents, this county for twelve, and county farm for six.
Roads in general in good condition. Dangerous corners should be eliminated.

Sum of \$3000 a year should be used to improve County Park.
School buildings as a rule are in good condition.
Reports from various county offices show increase of business. Substantial increase in assessment shown.
Belief expressed that cost of material and labor in good roads work can be materially decreased. Other good roads recommendations made.
County recorder has not sufficient help.
Treasurer's office room should be enlarged.
Greater care in drainage and protection districts' business is urged.
Books of all files of the county except Stanton are found in good shape.
Stanton's city clerk's books should be balanced.
When possible prisoners should be carried by railroad, not by automobile.
Sheriff's administration criticised.
Detention Home and jail found in good shape.

tract for drugs and medical supplies used by and for county work, and recommend the continuance of this system.

We call attention to dangerous corners where hedges and windbreaks obstruct the passageway. We recommend that the Supervisors remedy this fault at once by trimming the trees and otherwise making the road safe to the public.

The public has called attention to the Grand Jury relating to the refusal of a certain Gun Club in the western part of the county to grant the county a right of way for a road. They say they will not grant this request unless the Supervisors prohibit road shooting. We recommend that the Supervisors refuse the request of the Gun Club.

We recommend in the future that all warrants that come under the jurisdiction of the district attorney be O. K'd by the district attorney.

We recommend to the Board of Supervisors that a certain bill of \$447.75 for detective services, incurred upon the authority of the district attorney in connection with a recent Anaheim election, be not allowed without full investigation.

We suggest that some method of employment of county prisoners be devised.

We find that Los Angeles county feeds its prisoners for eight cents a meal; that the Orange county farm feeds its inmates for six cents a meal, while Orange County pays twelve cents a meal for its prisoners.

Roads and Bridges
We find the roads in general in good condition throughout all parts of the county, except where repairs or improvements are in progress. The Trabuco canyon road is in very bad shape and we are informed it is never worked except by the mining company.

We recommend that the cut at the P. E. R. R. crossing on the Pomona road at Brea be widened for safety and convenience of travel; also the road crossing of the P. E. R. R. on the Olinda road should be straightened before the road is macadamized.

We also recommend that the Board of Supervisors appropriate not less than \$3000 a year for improving and maintaining the County Park; and that a county road be opened running north and south passing the Yorba school house.

Public Buildings
We find that most of the school buildings in the city and country are in good condition, the exceptions being few. The school buildings of Loara and El Toro, Aliso, Westminster and Newhope are old, in poor condition, and in some instances inadequate, but in the first three mentioned districts we were informed that new buildings are expected soon. The Tustin school building was found in poor condition, and would recommend that one of the flues be removed, as it is in danger of falling down. We were told that in that district a new building is also expected. We wish to especially commend the school buildings of Yorba Linda, Olinda, Placentia and Garden Grove as being well kept. The High School and grammar school buildings of Orange, Anaheim, Fullerton, Huntington Beach and Santa Ana were found to be in excellent shape. We recommend that trustees of all schools see that the pupils are well drilled in the use of fire escapes, etc.

We find the County Jail to be in a clean and sanitary condition.
County Assessor's Office
We find that during the year the County Assessor collected personal property taxes to the amount of \$32,294.74, the amount collected as personal property taxes for the prior year was \$25,579.09, an increase of \$6,715.65.

The poll taxes collected by the Assessor for the past year was \$16,245.00, an increase over the previous year of \$1289.00.

The total number of assessments made by the County Assessor for the past year was 17,273. The number of assessments for the previous year was 15,518.

We find that in a great many cases the County Assessor has raised the valuation on property and increased the amount of taxes. During the year 1912 the assessed valuation of Orange county property, as taken from the County Auditor's books, was \$44,525,688; for the year 1913 this same property

was assessed at \$48,185,593, showing an increase of \$3,658,905.

Tax Collector's Office
We find the County Auditor has computed taxes and charged same against the Tax Collector, for the past year to the amount of \$1,005,486.59. The total taxes which the Tax Collector was charged with for the previous year was \$891,447.41. We find that \$644,432.03 of the amount charged against the Tax Collector has been paid in to date.

Highway Commissioners

On examination of some of the vouchers paid by the County Treasurer against this office we found they had not been properly O. K'd. We think that inasmuch as this office is paying out large sums of money, all warrants should be submitted to the proper officials and if found correct should have the name of some one of the Highway Commissioners. We find that some of the bills paid for labor and material were somewhat exorbitant, and believe that the expense of this department could be very materially decreased. We are of the opinion that the Board of Supervisors should investigate the financial end of this department a little more closely.

We recommend that the Commissioners publish monthly statements in the future for the benefit of taxpayers.

We recommend that all roads in the future be completed as soon as concrete base will justify same.

We make the following statement of Orange County Highway Commission as we found it up to Dec. 31, 1913:

In April, 1913, the County Auditor transferred from the Highway Improvement Fund the sum of \$4,864.50 to reimburse the Current Expense Fund for warrants drawn for expenses of the Highway Commission prior to the receipt of any highway improvement money.

The actual amount of the sums drawn on warrants to April 1st, 1913, as per statement of the County Auditor, was \$1,751.59, thus leaving a credit to the Highway Improvement Fund of \$112.91.

NOTICE to HOUSEKEEPERS

Desiring to serve its subscribers, the Santa Ana Daily Register has contracted for a large number of the E Z VACUUM CLEANER—a number large enough to supply all its subscribers who may want this "Housekeeper's Delight," and at a price

Less Than Half the Regular Retail Price

All that is necessary in order to get a

\$12.50 Vacuum Cleaner for \$5.40

is that you be or become a subscriber for the Santa Ana Daily Register.

No Electricity, no Brush to wear out your floor covering.

Get rid of the dust entirely by using an E Z Vacuum Cleaner. The E Z combines all the good points of the electric cleaners and has none of its drawbacks. It works like a carpet sweeper; no harder to operate, simple in construction, and takes out all the dust and dirt. It means a saving of energy, and insures sanitary floors and carpets.

\$12.50 Vacuum Cleaner for \$5.40

This Cleaner was never sold for less than \$12.50. You may get one for \$5.40 by subscribing for the Daily Register for six months at the regular subscription price of 50c per month.

Phone and we will gladly give you a free demonstration at your home. We wish to show you what the machine will do on your own carpet. We cannot think of a better way to prove the merits of this truly wonderful cleaner.

The E Z has a stronger suction than any other cleaner and gets not only the surface dirt but also the dirt that is in and beneath the floor covering.

Use an E Z Cleaner and have a sanitary home. You want a cleaner that is always ready, that you can handle yourself. A child can operate the E Z Cleaner.

\$12.50 Vacuum Cleaner for \$5.40

A Potpourri of News and Views

From the Los Angeles Financial News

Establishing Regional Banks

Fourteen cities in the United States will be visited by the Federal Reserve Bank Organization committee and public hearings will be held in all of these cities when the claims for the establishment of regional banks in those cities will be heard. The cities to be visited are New York, Boston, Chicago, St. Louis, Denver, Houston, New Orleans, Atlanta, Cincinnati, Cleveland and the Pacific Coast cities of Los Angeles, San Francisco, Portland and Seattle. Other cities that may desire to present their claims for a regional bank will be heard in the cities nearest those named.

The committee who will hear these claims is composed of two cabinet officers, viz: Secretary of the Treasury McAdoo and Secretary of Agriculture Houston. Clearing House associations and Boards of Trade in cities that are in the field for a reserve bank will be advised whether they can be heard. Probably two months will be devoted to this work by the committee, which will conclude its work within the time given all National banks to announce their intention of becoming members of the system, this date being fixed under the provisions of the law as February 22. All eligible State banks and trust companies are also permitted to signify their acceptance within the same time.

Whenever it is possible the hearings of the committee will be held in Federal buildings and the dates for these hearings are as follows: New York City, January 7; Boston, January 8, and return to New York for additional sessions on the 9th and 10. The committee will sit in Washington from January 12 to 17; in Chicago, January 19, 20 and 21; St. Louis, January 22, 23 and 24, and Denver January 26. Hearings for the other cities will be held between January 28 and March 1, the dates to be announced later.

In the official announcement by the committee it is stated that "the committee desires to be informed particularly upon the following points, which are considered primary factors in determining the boundaries of the proposed districts and the location of the Federal reserve banks:

"First—Geographical convenience, which involves transportation facilities, and rapid and easy communication with all parts of the district.

"Second—Industrial and commercial development and the needs of each section, which involves consideration of the general movement of commodities and of business transactions within the districts and the transfer of funds and exchanges of credits arising therefrom.

"Third—The established custom and trend of business as developed by the present bank reserve and checking accounts. In laying out the districts and establishing the headquarters for reserve banks, every effort will be made to promote business convenience and the normal movements of trade and commerce.

"Political considerations will not be permitted to influence the committee in determining these important questions. While the committee appreciates the local pride and sentiment which are prompting many cities to urge their claims, the committee nevertheless must appeal to the patriotism of the country to assist it in arriving at sound conclusions through consideration of fundamental and vital factors.

"Purely local sentiment and pride must yield to the common good in order that the system itself may accomplish the purposes for which it was designed, namely, to secure to the business of the country the elastic system of credits and the stability of conditions so long imperatively demanded.

"The committee therefore will be able to receive delegations urging the claims of particular cities for preference as the headquarters of the reserve banks. The claims of all cities will be considered upon their merits in view of all the facts which will be developed throughout the investigations. The purpose of the committee is to go about this work in a thoroughly practical and businesslike way, to accomplish it at the earliest possible moment, but without undue haste and only after full consideration of the needs of every section of the country.

Applications for membership in the new system have poured into the Treasury Department by the thousands. The procedure to be followed by banks which desire to make legal application for membership has been outlined by the committee in an official announcement.

In accordance with this announcement every bank desiring membership shall within sixty days, through its board of directors, pass a resolution certifying its desire to enter the system. It provides for the full acceptance of the terms of the law and expresses the intention of the board to subscribe on behalf of the bank for stock in the proper Federal reserve bank. The filing of this form will be the first step of a bank toward membership. It will have nothing further to do toward coming into the system until the organization committee announces the geographical limits of its district and the city where its reserve bank is to be located. Within thirty days after such announcement the bank must take the second step that will bind it to the Federal system. It must begin to put up its money for stock in the district Federal reserve bank. Each bank entering must subscribe to stock in the Federal bank equal to six per cent of its paid-up capital and surplus, but not all of this sum is to be paid at once.

At a meeting of the Los Angeles Clearing House Association, at which twenty-two Los Angeles banks were represented, it was decided to recommend the establishment of one Federal Reserve bank on the Pacific Coast, that one to be located in San Francisco. Resolutions were passed unanimously, which were forwarded to the committee to organize the reserve banks in Washington, and also to the San Francisco Clearing House Association. The resolutions follow:

"Whereas, the federal reserve act provides that there shall be not less than eight or more than twelve federal reserve districts, each district to contain only one federal reserve bank, the districts to be apportioned with due regard to the convenience and customary course of business, and also provides that the minimum subscribed capital of each federal reserve bank shall be not less than \$1,000,000, every national bank shall be required and every State bank shall be permitted to subscribe to the capital stock to the extent of 6 per cent of the combined capital and surplus of each subscribing bank; and

"Whereas, in order to locate these federal reserve banks properly and equitably, it will be necessary to take into consideration the items of convenience, natural course of business, volume of banking business and the future utility and strength of the federal reserve bank to aid trade and commerce as well as the banking business in any given region; and

"Whereas, the latest returns from the comptroller of the

currency show substantially the following figures:

Total capital and surplus of national banks in the United States, about	\$2,000,000,000
Total capital and surplus of State banks and trust companies in the United States, about	2,000,000,000
Total	\$4,000,000,000
Total capital and surplus of national banks of the Pacific Coast States, including California, Arizona, Nevada, Oregon, Washington, Idaho and Utah, about	\$150,000,000
Total capital and surplus of State banks and trust companies in Pacific Coast States, about	150,000,000
Total	\$300,000,000

"It will be seen that all the banks of the Pacific Coast States have only about 1.5 of the banking capital and surplus of the United States, and as there will be only from eight to twelve reserve banks, and probably not more than ten, the Pacific Coast States will not in equity be entitled to more than one reserve bank; and

"Whereas, the banking capital is \$169,000,000, of which \$72,000,000 is in San Francisco alone and

"Whereas, the utility and strength of a reserve bank will depend largely upon the extent and character of the area to be covered by its operations, and its efficiency will be great if it covers a territory with prevalent commercial, industrial, agricultural and manufacturing conditions, with the result that when there is a demand for credit or currency in one section there will be a surplus in another section, and the federal reserve bank will be the clearing house through which the average condition of the entire section will be reflected.

"It will better serve interests of the public and of the banks if we have one large centralized reserve bank covering a large diversified territory than to have two covering a smaller and less diversified territory; and

"Whereas, the business of the federal reserve banks will be solely with the member banks within its district, no deposits from or loans to individuals being accepted or made, nor any business transacted that cannot be transacted with a branch, the location of the federal reserve bank in any district should be central, for the convenience of its member banks.

"It will be conceded that San Francisco will be the logical place for such an institution. Los Angeles and some city in the northwest could then have branches which will in every respect serve the needs of the banks in their respective communities. Therefore be it

"Resolved, that the Los Angeles Clearing House Association and associated banks of the city of Los Angeles favor one federal reserve bank only for the Pacific Coast States to be located in the city of San Francisco, with branches in the city of Los Angeles and in one or more cities of the northwest, and be it further

"Resolved, that copies of this resolution be forwarded to the reserve bank organization committee and to the San Francisco Clearing House Association."

A regulation issued by the Federal Reserve Bank organization committee Wednesday provides that banks which enter the Federal Reserve system do not need to take out new charters, but both State and National banks become members by making application and by becoming stockholders in Federal Reserve banks. In its announcement the committee also sets forth that action by a board of directors is deemed sufficient to bring a bank into the new system, but advises that banks which wish to be on the safe side may sound out their stockholders.

The San Francisco Clearing House Association has taken formal action regarding the establishment of a Federal Reserve bank in that city, and has sent the following telegram to the organization committee:

"At a meeting of the San Francisco Clearing House Association, held today (Monday), it was resolved that the banks of San Francisco desire to co-operate fully with the Federal Reserve Board in the installation of the new banking and currency measure; that they present the claims of San Francisco as the commercial and financial center of the Pacific Coast to be the seat of a Federal reserve bank in order to have due regard to the convenience and customary course of business enjoined by the act, whether one or more reserve banks are finally decided upon for the Pacific Coast, as an impartial examination of all the facts will conclusively demonstrate. The respective banks when and where will opportunity be given for such hearing by the committee."

The Treasury Department at the end of the first week after the currency law was enacted, issued a statement in which it was shown that 695 applications had been received from National banks with an aggregate capital of about \$250,000,000, so that up to that time, Wednesday evening, National banks representing approximately one-fourth of the total National banking capital of the country, had signified their intention to enter the system. Of the 695 National banks applying, fifty-three are in the New England States, 112 in the Eastern States, 191 in the Southern States, 227 in the Middle States, sixty-nine in the Western States and forty-three in the Pacific States. Sixty-nine have a capital of \$1,000,000 or more, 142 or more have a capital of from \$250,000 to \$1,000,000, 270 have a capital of from \$100,000 to \$250,000, and 214 have a capital of less than \$100,000.

Forty-nine State banks and twenty-three trust companies also notified the Department of their intention to become members. Two of the trust companies applying have a capital of \$5,000,000 or more, and four trust companies have a capital of from \$1,000,000 to \$5,000,000.

Sugar Output at Anaheim

With a record of 20,000,000 pounds of sugar manufactured in its plant this year the Anaheim Beet Sugar factory has concluded its run for this year. The company sliced 75,000 tons of beets, the growers receiving \$200,000.

They took a little hustle,
And they took a little grit,
A little optimism
And some "get-up-and-go,"
A little thought and patience,
A little effort, too,
A little get-together,
A little work-to-do,
They took some perseverance
And some persistency
Some firm determination
Some real consistency
Tenacity and courage
They added to the rest;
A little public spirit,
Some nerve to stand the test,
A little unremitting,
Unswerving confidence;
A little plucky plodding,
A bit of good house sense;
A little careful planning,
A little civic pride,
They said, "We'll build a city
Where this old town has died,"
They organized their forces,
Put everyone to work,
They pushed the live ones forward
Ignoring those that shirk,
They got a lot of members,
The kind that work and pay,
And they built a thriving city
That is growing day by day.
—L. M. Ward, President Texas Commercial Executives' Association.

Asphalt Plant Destroyed

An explosion, said to be due to a defective pipe carrying liquid asphalt from the boilers to the asphalt plant of the Union Oil Company at Orem, resulted in a fire which caused damage from \$10,000 to \$20,000 and destroying the plant.

Motive Power for Santa Fe

At an expenditure of \$600,000 the Santa Fe Railway has ordered 35 new engines of the powerful Pacific type. The contract was given the Baldwin Locomotive Works of Philadelphia.

Los Angeles Produce Market
Never has the egg business been more active than at the present time, with the supply widely distributed, storage eggs cleaned up and the demand from the consumers active. Yesterday there were a large number of sales in the exchange, and prices were pushed back and forth, running from 43 down to 40, where they stopped, marking a 2-cent decline in the price. There were some offerings of eastern eggs, but they were not heavy. Receipts were 249 cases. Another week is expected to see receipts up to the 300-case mark as a daily average.

Butter arrivals were heavy, 48,080 pounds. The demand for creamery extras was good, while the market on the secondary grades was slow. Prices ruled firm on the best butter.

A fine market developed on spuds, with the shorts offering good prices for all river stock offered. The Highland offerings were held around \$1.50, while sales were made on the street at 10 cents less than that. The market in a jobbing way fluctuated between \$1.35 and \$1.45 on good stock. Only 375 sacks were reported in.

Notice to the Public
—The firm of Smiley & Smith being dissolved, the business being continued by R. R. Smith, who assumes all accounts and collects all bills. Those knowing themselves to be indebted to the firm will please call and settle. From this date all small bills must be cash. No credit will be extended except to those who have formed the habit of coming in and paying promptly every month. Hereafter will not make special deliveries with small orders, but will systemize delivery to reduce cost to a minimum consistent with efficient service.

Thanking you all for your liberal patronage in the past, and will endeavor to merit your patronage in the future.
Very truly yours,
R. R. SMITH.

NOTICE OF BUSINESS CHANGE
—Notice is hereby given that the partnership heretofore existing between A. J. Smiley and R. R. Smith, doing business at 401 West Fourth St., Santa Ana, California, under the name of "Smiley & Smith," has by mutual consent and agreement been dissolved, A. J. Smiley retiring.

The business will be continued at the same place, under the name of R. R. Smith, who will be responsible for all indebtedness of the partnership and to whom all bills due the firm are payable.

All persons knowing themselves indebted to Smiley & Smith will please call and settle their accounts.
A. J. SMILEY,
R. R. SMITH.

Santa Ana Painless Dentists, 102½ East Fourth St., Main 253.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.
In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Abel S. Dunham, deceased.
Notice is hereby given that Friday, the 23rd day of January, 1914, at the clock 2 p. m. of said day, at the Court Room of Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Jacob Fisher praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Jacob Fisher at which time and place all persons interested therein may appear and contest the same.
Dated January 6, 1914.
W. E. WILLIAMS, County Clerk.
By J. M. BACKS, Deputy.

NOTICE TO CREDITORS
Estate of William McKinley, deceased.
Notice is hereby given by the undersigned, T. A. Winbiger, administrator with the will annexed, of the estate of William McKinley, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 19th day of December, 1913), to the said administrator with the will annexed, at the office of T. A. Winbiger, at 609 North Main Street, in the City of Santa Ana, County of Orange, State of California, which is the place designated as the place of business of said estate in the County of Orange.

Dated this 19th day of December, A. D. 1913.

ORANGE PICKERS NOT UNDER NEW LAW

Growers, Exempt Unless Filing Written Acceptance of Provisions With Commission

Orange News: Orange pickers do not come under the provisions of the Workmen's Compensation act unless the grower files written acceptance of the provisions of that law with the Industrial Accident Commission. This information was given by the secretary of the commission in a letter to Byron Preston of this city. The letter follows:

January 8, 1914.
Mr. Byron Preston, Orange, Cal.:
Dear Sir:—Replying to your letter of the second, forwarded to us by the attorney general, we beg to advise you that orange pickers working for orange and lemon growers generally do not come under the compensation provisions of the Workmen's Compensation, Insurance and Safety Act, unless the grower for whom they are

working has filed with the Industrial Accident Commission a written acceptance of that law. A large number of orange growers have already filed such an acceptance. Those who have done so will have notices posted to that effect around their places of business and in their orchards.
Second: Replying to your other inquiry, we beg to advise you that employers do not have the right to withhold a part of the daily wages of the employees to compensate them for any loss they may sustain. If you hear of any employers following this practice we should be glad to have you advise us regarding the same.
Yours very truly,
IRA B. CROSS, Secretary.

ACCIDENT TO STEAMSHIP DELAYS SAYRES' RETURN

NEW YORK, Jan. 16.—An accident which happened to the steamship Majestic at Cherbourg, France, Wednesday evening, just as it was about to start for this port, was explained this afternoon in a message received here by the White Star line. While in port the Majestic was run into by a tender and one of its coal ports broken.
A plate was quickly riveted over the hole, however, and the liner got away at 3 a. m. for Queenstown and New York. Among the passengers are Mr. and Mrs. Francis B. Sayre.

County Auditor's Office

We find during the year that the county has issued 17,002 warrants, being an increase of 1,063 over the previous year. The aggregate amount issued for school purposes for the year being \$852,822.00, an increase of \$13,927.20 over the price year. The aggregate amount of warrants issued for the county purposes for the year were \$588,155.35, an increase of \$207,537.09 over the previous year. The greater amount of increase over the previous year is due to the Highway Improvement and County Farm.

County Clerk's Office
We find that during the year the County Clerk's fees amounted to \$5683.75, an increase over the previous year of \$698.55. During the year there were filed with the Clerk 726 actions in the Superior Court, exclusive of criminal actions, an increase of 96 cases.

County Recorder's Office
In comparing last year's work with this year's work we find that during 1912 this office received fees to the amount of \$6938.70, and during the year 1913 fees amounting to \$6822.90. We find that under the present county law this office is not allowed sufficient help to facilitate the work entailed by the greatly increased and increasing volume of business.

County Treasurer's Office
We have counted the cash and have found the same to agree with the County Auditor's books. We find the volume of business passing through

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.
Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

BROWN & STOVALL
Phones 252, Res. 1032 N. Ross St

the Treasurer's office of so great an increase that we recommend the office room be enlarged.

Drainage Districts
We have examined the books of the following drainage districts: Bolsa, Talbert, Delhi, Newport, and Newbert. Protection and find the business offices conducted generally as an appendage to other work and not with the facilities and attention these institutions deserve.
Looking to the wisest expenditures of moneys we recommend that the cleaning and repair work of the ditches be hereafter let by contract.
We recommend that hereafter itemized bills be attached to all warrants as a part thereof, and that in the Talbert District more careful scrutiny be given to bills to ascertain their correctness.

Cities of the County
We find the books of the cities of Santa Ana, Orange, Anaheim, Fullerton, Huntington Beach and Newport to be in good condition, with the exception of a few clerical errors which were corrected when attention was called to them.

We have examined the books of the City of Stanton and find the Treasurer's book balanced to date. We would recommend that the treasurer draw his fees by warrant, and that the treasurer deposit the city's money in a separate account at the bank.

The Clerk's book was not in good shape, the former Clerk not having all the warrants entered, and it does not balance with the Treasurer's book. We recommend that the City Trustees have the books examined and balanced. We recommend that the

S. O. S. SIGNAL HEARD NEWPORT, R. I., Jan. 16.—

Signals of distress from a steamer in the direction of Edgartown, Martha's Vineyard, were reported by the radio of the revenue cutter Itasca last night. In a message to the revenue cutter Acushnet, the Itasca said: "Steamer in direction Edgartown from Hedge Fence lightship blowing series long whistles of distress. Have you any news of her? Itasca, bound for Vineyard Haven with tow."
